October 5, 1989

Dear Alumni, Parents, and Friends:

In June 1989, David Cruickshank asked me to accept his resignation as Headmaster effective June 1990. Needless to say, we received this news with much regret. David advised the Board of his decision in October.

BCS has been fortunate indeed to have had David as Headmaster for the last eight years. During that period, we have seen enrolment strengthen, and the spirit and standards of BCS reach new heights.

But David's contributions to BCS have not been just as Headmaster. During the 24 years he has been at BCS, David has improved and enriched the School and the many people who have come into contact with him. Thank you, David, from all of us.

The strong position in which David leaves the School will permit us to attract excellent candidates. A Search Committee, under the Chairmanship of Rae Heenan, has been formed, and is already at work.

Yours sincerely,

A handwritten signature in cursive script, reading "Stuart H. Cobbett".

Archives Update

by James B. Winder

We wish to thank the following for their donations to the BCS Archives:

Mr. François de Sainte Marie ('65)
Mrs. F. R. Pattison
Mr. J. Graham Patriquin
Mrs. Janet Motyer
Mr. James Fletcher ('39)
Mrs. Geraldine (Simms) Boone ('23)

Band Photographs: The Archives staff is attempting to collect, and mount, a permanent display of band photographs in the Music Department. We have very few pictures, so we appeal to anyone who might wish to donate, or lend for copying, pictures in their possession. Many thanks. □

A New Home For the Development Office

by Maggie George Leblanc

Our big news this fall is that the Development Offices have moved from School House to our very own place on campus - the little red brick house which formerly served as a faculty residence. "**Development House**" is ideal. The extra space allows for increased efficiency and we can finally have all our files, archives, memorabilia and supplies in one location!

The space we vacated in School House is being well used as much needed classroom space and the Chaplain's office. Modern technology now links us with the mainstream of school life. We are linked with our colleagues by a very fine computer networking system. This, along with updated Macintosh hardware, means that we are better equipped than ever to tackle our job of raising funds for the School.

Kim Laliberté is busy contacting the Alumni Class Agents and Decade Reps as we get our Annual Giving drive underway. Jim Winder is continuing his excellent job of researching and cataloging information in our growing Archives. Carmel Joly is busier than ever updating our computer records and coping with our mountain of day-to-day correspondence. My time is taken up with the administration of the department as well as the financial tracking and reporting systems. And Brad Mitchell is devoting his time, almost exclusively, to the management of the Capital Campaign.

Another busy and productive year lies ahead of us. The ongoing Capital Campaign work is being matched by our Annual Giving drive which gets underway this fall. We look forward to tackling these challenges from our new quarters. However, we do miss the hustle and bustle of daily school activity, and we invite everyone to come and visit us. Remember we are always delighted to see alumni, parents and friends who drop by. □

Consider Annual Giving . . .

by Maggie George Leblanc

This year's Annual Giving drive gets underway in November with get-togethers in Montreal and Toronto for the Decade Reps, Class Agents and the Annual Giving Action Committee.

Our goal this year is to increase last year's Annual Giving Fund by \$50,000.

The money raised from this ongoing fund is used to help offset expenses of the School, to augment the Endowment Fund, especially Scholarships, and to support other special projects such as the Bilingual Program, Archives, Chapel, etc.

Alumni, friends and especially parents like to make unrestricted donations to the Annual Giving Fund in order to offset costs and thereby help keep down tuition fees, which benefits everyone.

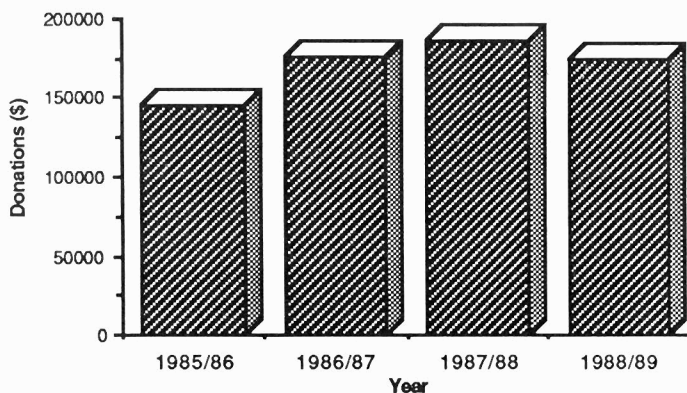

Our scholarship program is also very important. The more financial aid we can provide, the higher the quality of student that BCS can attract.

Old Girls of King's Hall Compton like to support things such as KHC Old Girls' Scholarship and the Gillard Lectures & Debates.

During a Capital Campaign it is often all too easy to forget about the ongoing needs of the School. **The program of Annual Giving exists completely apart from the Capital Campaign and is vital to maintaining the thriving educational environment of BCS.**

We need the support of each and every one of you in order to meet this year's goal. Please, make your donation today - unrestricted - or, to the area of your choice. Remember, donations received before December 31, 1989 will benefit you in the 1989 tax year! □

Happy Anniversary Finnie

by Jane (Mitchell) Jansen

Happy Anniversary to Finnie who is celebrating her tenth year at BCS. The marmalade feline first sauntered into the prefects' room on September 23rd, 1979. She spent her first week at BCS in hiding but following Headmaster Cowans' consent, Finnie made herself at home sleeping on available couches, being fed by the ladies in the linen room and cafeteria, and growing increasingly aloof and wily. Not much has changed . . . □

Bishop's Chefs' Specialties Still Available

Bishop's Chefs' Specialties, the BCS family favorites cookbook, is still available! The volume includes 200 pages of Canadian and international recipes as well as photographs and artwork by BSC students. Copies of the cookbook may be ordered from: BCS Auxiliary, Box 5001, Lennoxville, Quebec, J1M 1Z8.

News From the Alumni Board

by Stuart Mactavish

How does it feel to be a BCS graduate?

Wonderful! I'm prepared to take on the world, to learn, to make new friends . . . but I guess I have an empty feeling as well . . .

In what way?

It is just that I have a lot of fabulous memories from the school. A lot of good times were had with great people . . . it's tough leaving it all behind.

Who says you have to leave it all behind? That is precisely why there is the Alumni Association. Whether you graduated fifty years ago or just recently, the Alumni Association is your biggest link with the school - past and present.

The Alumni Association? All they want is money! That's not the kind of memories I want to cherish.

That is where a lot of Alumni, especially new alumni, are misinformed. Granted, Annual Giving is a big part of the Association's responsibilities. More and more emphasis is being placed on annual phonathons and donations by mail and you will continue to hear from us on a regular basis. But fund raising is only part of what the Association really means to Alumni.

But what do you do besides fund raising?

Much of the money raised through Annual Giving goes towards funding student/teacher requests such as badly needed equipment, special field trips, or promotional materials like the wonderful cadet inspection programs made for Prince Philip's visit last year.

The Alumni Association is responsible for all that?

Yes. And we are very proud of the contributions we have made to the school. But most importantly, the Association spends a lot of time and money on the Alumni. This includes the BCS Bulletin which reaches graduates and friends all over the world. Our major function, however, is bringing Alumni together. This means organizing reunions right across Canada as well as in the United States. This is done through receptions, dinners, and special events such as wine tastings and most recently, a very entertaining fireworks evening in Montreal.

Aren't most of your events held in Montreal?

Not really. You'll find that there are a number of functions held

in Toronto, not to mention yearly reunions in the Maritimes, Ottawa, Calgary, and Vancouver. Though the Association is based out of Montreal, there is also a branch committee that meets in Toronto and is always looking for new members. As a matter of fact, one of the goals of the Association this year is to further develop the Toronto branch and to make it as productive as the Montreal group. Just because you don't live in Montreal or Toronto doesn't mean that you can't partake in Alumni Association activities. Regional reunions are well publicized through the Bulletin and personal invitations. If you find that there hasn't been a reunion in your area lately and you would like to become involved, simply contact the school. Kim Laliberté, the Alumni Coordinator, is always more than happy to help in any way to organize reunions from providing class lists, addresses, and phone numbers, to mailing invitations. School facilities can also be made available for Alumni reunions if you would like to meet in Lennoxville.

It sounds as if the school is really committed to organizing Alumni events.

Both the school and the Alumni Association are extremely committed. Simply say the word and you will be provided with all the support you need in organizing a reunion or any kind of Alumni event. Remember, there are no strangers at BCS/KHC Alumni events! There are instead an interesting group of individuals who have a common heritage and who have shared memories that few get the opportunity to experience.

You take the Alumni Association pretty seriously, don't you?

I can't stress enough how important the Alumni Association is to the school. The Alumni Association represents the BCS of the past - the foundation on which the school is built. The Alumni Association also represents the BCS of the future - in terms of financial support and new generations of students. Most importantly, the Alumni Association is committed to the BCS of today - the day-to-day contact between Alumni and friends, between classmates, and between today's BCS and the people who have made it such a great place to grow up. Help us out. Stay in touch. Let the Alumni Association do its job of helping you continue to be a valued member of the BCS/KHC community. □

Alumni Activities: Reunions

KHC '59 *by Susan (Harshaw) Simpson*

Lorna (Murray) Henderson hosted a fabulous 30 year reunion dinner for the class of '59 on Saturday, May 27th, 1989 in Toronto. Ten Class of '59 Old Girls were able to attend. Lorna, Ann (Taylor) Collombin, Judy (Hingston) Dingle, Daphne (Duncanson) Freyseng, Susan (Harshaw) Simpson, Gale (Davis) Natali, and Penny (Throsbey) MacDonald attended from Toronto. Liz (Price) MacKay and Andy Lyman came from Montreal. Bev (Shannon) Pringle won the prize for having travelled the farthest; she drove from Mississippi! Judy (Bignell) Ferris, unable to attend, sent a newsy letter to the group from Vancouver. Those present added news as they knew it. The evening was highly successful. Lots of laughs, wonderful food, and too much wine! A recording of Gilly saying grace added to the nostalgia. We would love to hear from everyone and hope to meet again in a few years in Montreal. Cheers, and see you then. □

KHC '64 *by Judi (Fletcher) Dunn*

Back row (left to right): Charlotte (MacLachy) Pastore, Andrea (Ross) O'Rourke, Barbara Monk, Jane Stewart, Wendy Rankin, Derryl (Dawes) McCormick, Margo (Douglas) Curry, Anne Ritchie, Elizabeth (Stikeman) Rose. Front row (left to right): Andrea (Newman) Gordon, Kathleen Plow, Judi (Fletcher) Dunn, Marcella (Vickers) Brown, Susie (Graham) Wild, Debbie Gill.

On the weekend of June 3rd and 4th, 15 survivors of KHC class of '64 gathered at Liz (Stikeman) Rose's lovely farm near Coburg, Ontario. The Ontario contingent arrived early on Saturday afternoon and proceeded en masse to meet those arriving from Montreal. The Coburg train station reverberated with shrieks of welcome.

The afternoon flew by as some wandered the fields and lanes enjoying the outdoors while engrossed in conversation. The less energetic bunch preferred to gather round the large kitchen table where the volume and hilarity level steadily increased with the amount of liquid refreshments served.

Dinner was a delicious and beautifully organized affair with many hands and much advice offered. It was a long drawn out

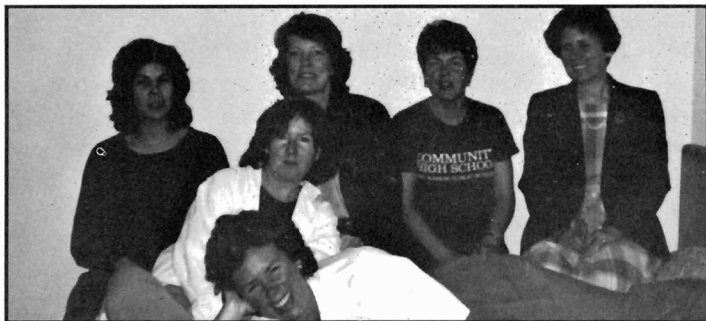

affair as tongues wagged on and on. There were speeches, songs (a rousing rendition of *40 Years On* led by Wendy Rankin who remembered all the words), shared memories, jokes, and even some tears. And the night did not pass uneventfully as Susie (Graham) Wild revived the tradition of "room visits".

The weekend was well recorded by a multitude of cameras and Andrea Ross's video so there will be lots of material for our 30th reunion. It was a wonderful and exhausting 24 hours; five years recovery time should just about do it! Many thanks to Liz Rose for sharing her home with us as well as to Andy Newman for making it all happen. See you in five years! □

KHC '65 by Margot (Grant) Kyle

Six KHC '65 classmates got together in May when Susan Buchan visited Montreal. Susan had with her 20 students from Community High School where she teaches in Ann Arbor, Michigan. *Back row (left to right): Judy (Lamplough) Dingemans, Margo (Grant) Kyle, Susan Buchan, Wendy (Leggat) Charlebois. Front: Jill (Francis) Bauch, Sara (Peck) Colby.*

Another KHC '65 "get together" group met for lunch in August when Jill (Stainforth) Benello was visiting Montreal from Milan. *Left to right: Susan (McCain) Armour, Sara (Peck) Colby, Margot (Grant) Kyle, Wendy (Leggat) Charlebois, Jill (Stainforth) Benello. KHC '69 by Toni (Cochand) Braide

For over a year, there were questionnaires, phonecalls, and a lot of excitement as the class of '69 got ready for our 20th reunion which took place in August of this year.

It was a weekend affair, starting in Montreal on Friday, August 4th with cocktails and dinner at 'Le Beaujolais'. The surprise of the evening was the unexpected arrival of Sue (Newton) Scale and Pam (Porteous) Semple from Ottawa. We took over the restaurant and talked until 3:00 a.m.

The next day, we were off to the Eastern Townships. We spent the night at "Cedar Gables" in North Hatley and had dinner at King's Hall, now the "Domaine St. Laurent". All evening long, small groups explored the old school (including the attic and basement!). It was all very much the way we remembered it. The rest of the evening was spent pyjama-partying and reminiscing.

On Sunday, giggling and full of anticipation, we put on our best dresses and were off to Hovey Manor for brunch with Miss Gillard and Kim Laliberté. It warmed our hearts to see Gilly looking so well. After lunch and at least 20 group photos, we sang *40 Years On* and finally said our good-byes.

It was our first big reunion. Seventeen girls came from all over North America. It was an affirmation of the good memories we all have of our time together at King's Hall. The next reunion will not be 20 years in the making. Of that, we're sure. □

Montreal Challenges Toronto

by Stuart Mactavish

The Montreal Alumni group organizes an annual Old Boys' Hockey Tournament that brings together BCS Alumni and also showcases BCS to more than 150 private school graduates from Quebec, Ontario, and the Maritimes. The next tournament is scheduled for February 9-11, 1990. Montreal Alumni would like to motivate Toronto Alumni to enter an Old Boys' team into this tournament. As a means of providing this motivation, the Montreal group hereby challenges the Toronto Alumni to a two game weekend series to be held in Toronto in January, 1990. The Toronto group need simply put a team together and arrange for ice time (and other miscellaneous activities!). The Montreal group will be happy to make the trip which undoubtedly will be a great time for all. It is hoped that this weekend series will become a yearly tradition which will provide an event around which full reunions can be organized. The Toronto group can call me, H: (514)765-3805, O: (514) 695-3371, for more information. It's your move, Toronto! □

Experiencing BCS' International Family

by Geraldine McGurk

Geraldine McGurk, head nurse at BCS, has been with the School for ten years. Last year, she took a year long trip to travel around the world. She left BCS to begin her travels in Tahiti. From Tahiti, she went on to New Zealand, Australia, Singapore, Malasia, Thailand, India, England, and Ireland. Geraldine returned to BCS in September with the following account of her journey.

At BCS, two words that are used frequently when describing the School are 'family' and international'. The 'international family' became a reality for me, when throughout my travels, I was welcomed and cared for by many of these family members. These people and their families took time out of their busy lives to show me a little part of their world. Dick and Susan

Spencer showed me the beautiful harbors of Sydney. Steve Shaw escorted me through the delicious vineyards and incredible caves of Margaret River. Martin and Maureen Jones gave me my first sight of the Great Barrier Reef. Brandon and Rosemary Badger allowed me to recuperate from a sprained ankle on the most relaxing couch in Bundaburg. Manju Khan saved me from heat exhaustion and sent me on a fabulous adventure through Kashmir with her daughter, husband, and 20 students from the Lawrence School (Round Square) in Sanawan, India. Julia and Robert Common waited up until 2:00 a.m. to pick me up at a railway station in the midlands of England. Now that's family!! My trip is a memory now, a pleasant, long to be remembered memory. I met some wonderful people and I would like to take this opportunity to say thank-you once again. The world was a smaller, friendlier place because of you. □

Faculty Profile by Sue Butler-Hinz

Tucked away in a corner of the BCS art room, an astonishing project is taking shape. Brendan Trower, the BCS art teacher of 15 years, is building an airplane. The completed parts are examples of exceptional craftsmanship. Made from Sitka spruce from the Canadian west coast, a special waterproof glue is used in place of screws to hold the pieces of wood together. All moving parts of the airplane are handmade including the landing gear and gas tank. The only parts that will not be hand crafted are the engine, the front wheels and the instruments. The project began seven years ago and is hoped to be completed by 1992. Mr. Trower says that he has always been interested in flying but it wasn't until he met and spoke with local pilots that he realized that he could actually build an aircraft.

"I think it's a good idea to have the airplane here (at BCS)," he explains. "The kids can see that almost anything can be accomplished if you set your mind to it. I would like them to understand that there can be great satisfaction and enjoyment in setting a goal for yourself and then carrying it out to the best of your ability."

Brendan Trower sees himself as more of a craftsman than an artist. "I have learned to be patient and to persevere until I get the job right."

It is not only the job of building airplanes that Brendan Trower has gotten right. He also builds guitars and has recently completed a 15th century Italian lute which he constructed using only outline drawings. He has exhibited his pottery in numerous exhibitions and is the founding member of the Lennoxville Watercolor Painters Association. □

Department Profile

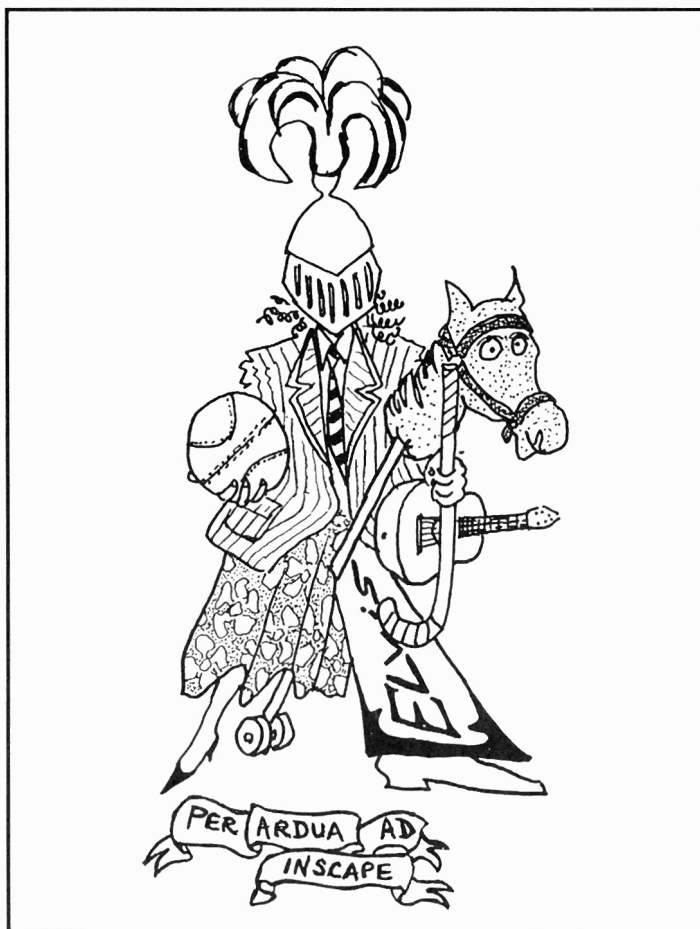

by The English Department

Up on the top floor of the school house, where students of the prep school used to sleep in the old dorms, is the headquarters of the English Department. Not much sleeping goes on there now, as a sample of the current projects undertaken by the Department demonstrates. This sample also tells a lot about our attitudes towards the teaching of English.

1. Writing poems about the environment in response to a request from the CBC Quebec Community Network. Selected poems were read by students over the air on "Quebec A.M."
2. Writing about current, historical, or imaginary disasters, modeled on Hugh McLennan's account of the Halifax Explosion in Barometer Rising. Selected pieces are to be published on the school newspaper, the "B.C.S. Challenger". They will also be displayed on the third floor.
3. Writing letters on behalf of prisoners for Amnesty International. Viewing films produced by Amnesty International and hearing the Gillard Lecture by John Humphries.
4. Viewing the play, Thin Ice by Geordie Productions. This play deals with date rape and the students are discussing and writing about such issues as pornography and sexual stereotyping.
5. Reading the writings of journalist John Colapinto and listening to him speak when he visits the school.
6. Reading Roch Carrier's The Hockey Sweater, viewing the film, and writing him letters.
7. Studying South African Literature and having the opportunity to hear Anthony Marais of the South African Foreign Service, and writing him letters.
8. In the Second Form, taking part in a language across the curriculum project, using the "Rock" theme as a basis. In English, they write about rocks. In Geography, they learn about rock formations. They study animals that live on rocks in Science. They measure and weigh rocks in Math. They decorate their rocks in Art. And you guessed it - listen to rock music in Music.

In all these activities, the English Department is fulfilling a number of goals which we consider very important in the teaching of English. Above all we are providing a large variety of different experiences and thereby integrating writing, listening, reading, and speaking. We are achieving the goals of the Government Arts Program by innovative and relevant means. Although we follow the Government guidelines, we are flexible. When a new, exciting, relevant project comes along, like the CBC request for poems, we make room.

One of the aspects of our work which stands out most clearly in

the list of different projects is the stress we place on real audiences for the students' writing. One of the most important ways in which we can provide a readership for students' work is in the Department's award winning literary magazine, *Inscape*, which consists entirely of writing, art work, and photography by BCS students.

Working together is essential. Not only do members of the department share ideas and materials, but we also like to share with other departments in projects such as the "Rock" which involve the students in a real "language across the curriculum" project.

To attempt to describe the typical BCS English teacher is not easy. The above account must suffice to give you an idea of the way we think and work. Our illustration above by master cartoonist, Charles Coleman, should give you an idea of what we look like. □

Joining the Faculty

by Sue Butler-Hinz

BCS welcomes Peter Kandalaft, Judy LeBaron, and Randy Jackson (left to right).

Peter Kandalaft joins the BCS French, Math, Geography, and MRE Departments. Peter has been in the teaching profession for 18 years and is no stranger to Bishop's College School after having spent seven years with the BCS Summer School. In addition to a B.A. in Political Science and History, and a B.Ed. from Bishop's, Peter has also earned a B.C.L. and L.L.B. from McGill. He enjoys bowling, curling, band singing, and is currently president of the St. Peter's Heritage Group. Peter is a staff member at Grier South.

Judy LeBaron leaves her position as Deputy Archivist with the Montreal-Ottawa Conference of the United Church of Canada to join BCS as the houseparent of Gillard House. She has a B.A. in English and History from Bishop's and a certificate from the National Archives of Canada. Judy currently holds a grant from the Department of Cultural Affairs and is working part-time on an inventory of Anglican Church parish records of the Diocese of Quebec. A mother of three grown children, Judy enjoys watercolor painting, wall stencilling, and country painting of furniture.

Originally from Kingston, Ontario, Randy Jackson joins the Music Department after having spent a year teaching in Istanbul, Turkey. He has a Bachelor of Music from Mount Allison and a B.Ed. from Queen's. Now on staff at Smith House, Randy enjoys cooking, reading, cycling, and of course, playing and listening to all kinds of music. □

B.C.S Seasons

by James M. Strickland

I know when Autumn arrives.
Not by the Great Artist's glorious transformation of maple, elm,
and oak,
or by the early evenings' ever-lengthening shadows.
But by parents cautiously entrusting part of themselves to caring
strangers.
New students treading lightly lest they bend some yet unfamiliar
rule.
Growing confidence and pride of House on finishing the cross
country run.
A sense of belonging on selection to one's chosen team.
Making new friends. Tentative hand-holding of new-found
romances.
This is our School Autumn.

I know when winter is here.
Not by the fairyland transformation by the first heavy snowfall,
or by the squeaking path underfoot on a frosty night.
But by the spray of ice chips as a skater brakes to elude a persuer.
The squeals and screams rewarding hoop or net play.
The sound of carols from Chapel on the evening air as the choir
rehearses.
The reverence of the candle-lit Christmas service; then departure.
Tuques and mufflers, ski marathon and carnival.
This is our School Winter.

I know when Spring is born.
Not by the wakening insects conducting their buzzing exploration
of their new world.
Nor by the rivulets of melting ice and honeycombed snow.
But by the whirl of winter-whitened cyclists' limbs,
the whack of a bat and resigned thud of a ball settling in a glove.
The determined countenance of the spent cross-country runner,
or the roar of approval at a brilliant play or goal.
Disciplined Cadet drill and combined pride of School at final
inspection.
This is our School Spring.

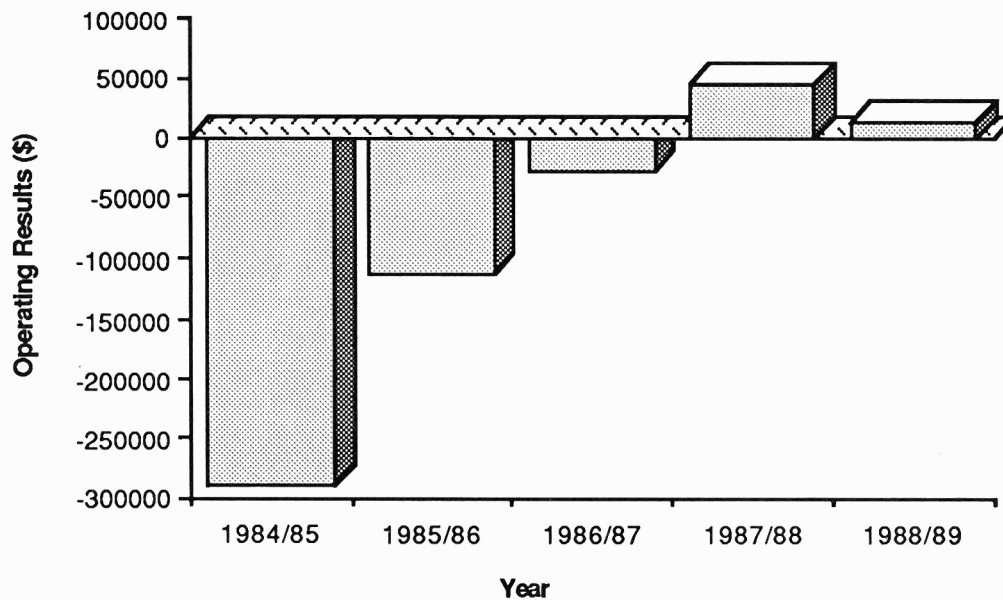

I know that Summer has come.
Not by the towering cumulus whipped cream clouds of summer
sky,
Nor by the carefully tended lawns and blooming flora.
But by the growing expectations of final exams.
The exultation of closing ceremonies and poignancy of sometimes
final good-byes.
The arrival of strange faces for summer school,
and the eventual quiet and solitude of a deserted campus.
A period of rejuvenation to receive another onslaught of children
of the world.
This is our School Summer. □

FINANCIAL HIGHLIGHTS: 1984 to 1989

For the first time, we are publishing financial highlights of BCS. We hope that you find the following to be informative. Of course, full audited statements will be available at the Annual Meetings on November 28th. Hope to see you there.

BCS Operating Results: 1984 to 1989

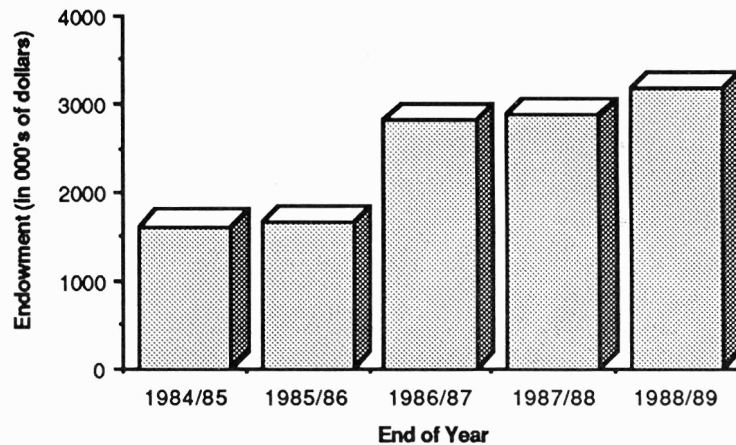

The school's bottom line has improved from a significant annual deficit to a small surplus position. This improvement reflects the hard work and discipline of many people associated with the school. We are grateful to them and confident that the trend will continue. □

BCS Endowments

The growth of these funds is remarkable thanks to the generosity of the many Alumni and friends of BCS. We look forward to even greater heights to ensure that BCS continues to attract the best in students and faculty. □

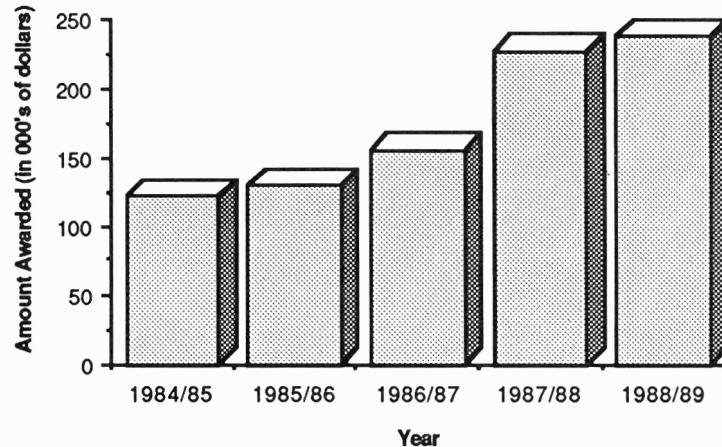

Endowments Held by BCS Foundation: 1984 to 1989

Scholarships and Bursaries

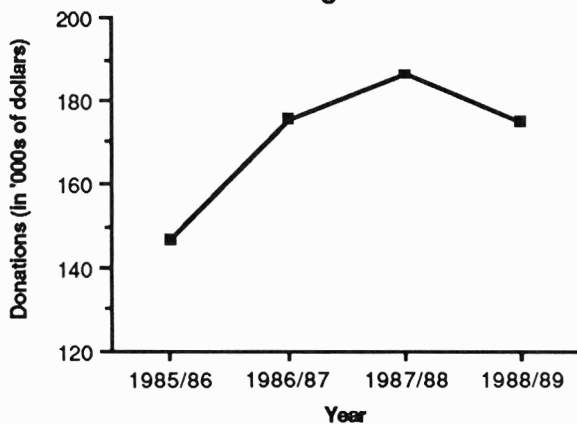

The total scholarships, bursaries, and financial aid offered by BCS has grown substantially. This is, of course, a function of the endowment funds available and the income earned thereon. Scholarships and bursaries are a fundamental component in the continued growth of the school. □

BCS Scholarships and Bursaries: 1984 to 1989

An article in the November '88 Bulletin stressed the importance of alumni and parent involvement in the admissions process. Alumni and parents can help in expanding our referral sources and in establishing regional alumni and parent associations in as many areas as possible.

The continued growth of our financial assistance programme is as important as the development of a strong and consistent support network. The provision of financial aid in the form of scholarships, merit awards, and bursaries to worthy students is becoming a top priority of BCS. We have seen a 33% increase in the number of students writing scholarship papers since the 1985-86 school year. Of the 44 candidates who wrote scholarship papers in three separate sittings for the current academic year, seven were offered Entrance Scholarships. An additional seventeen candidates earned Merit Awards. Thirteen of these 24 students are presently enrolled at BCS.

The school's initiatives in financial aid have had a considerable impact on the quality and performance of our student body. In the last academic year nearly 100 students achieved Headmaster's list status. Four Form VII students were awarded scholarships to

universities. Our commitment to the future prosperity of BCS necessitates enrolling talented young people who might otherwise be unable to take advantage of the opportunities of a BCS education. These young people provide leadership in our school, enrich the lives of their fellow students and contribute fully to the BCS community. \$230,000 was distributed among sixty-three students in 1987-88 but only \$240,000 has been allotted to sixty-four students in 1989-90. The need for financial assistance is much greater than this amount. Fees have escalated at a far greater rate than the increase in the funds available from year to year. Furthermore, other independent schools are mounting aggressive marketing campaigns to attract the best possible candidates regardless of their ability to pay.

To help BCS recruit the best candidates, we would like our friends, patrons, and graduates to nominate qualified individuals for scholarships, merit awards or bursaries. If you know of rising students currently in grades 6 through 10 who might qualify for these awards, please forward the coupon below to The Admissions Office, Bishop's College School, Lennoxville, Quebec, J1M 1Z8 or telephone Robert Perrier, Director of Admissions, at (819) 566-0227, ext. 210. □

Abbotsholme '89 *by Charles Peacock*

At Salem School in Germany in 1986, BCS became one of the 22 member schools of the Round Square Conference. The Conference itself came into being in 1966 as a group of schools which share an adherence to the ideals of Kurt Hahn, the German educator who founded Salem and Gordonstoun. Every year, the annual conference is held at one of the member schools and our student and staff delegates have just returned from Abbotsholme School in England. They are bubbling over with new ideas and are full of the excitement of the experience.

Educational conferences don't always generate such enthusiasm,

energy, and excitement. What's different about the Round Square Conference? The unique feature of the Conference is that it brings students and adults together to talk about education. Those students and adults come from five continents, nine countries, and 22 different schools. It is an international gathering where experience, knowledge, and enthusiasm of teachers is mixed with the energy, insight, and idealism of youth. That makes for a heady mixture!

Talking about education - that must be pretty dry and boring stuff? Indeed it could be if we were talking about History and Math and French and English and Geography, in other words, the curriculum. We were talking about the "hidden curriculum" - about the way students receive their values, make choices, grow as people, and become part of the solution rather than part of the problem. These are the educational experiences which lie at the heart of Hahn's philosophy. On a more specific level, our discussions centred on those aspects of our school life that make us Round Square Schools: international consciousness fostered

by exchange; service to our schools, communities, and the larger international community through the projects of Round Square International Service; outdoor adventure through our various adventure programmes; education for democracy and the care and nurture of our planet through Round Square based conservation projects (details of our conservation projects will appear in the next bulletin).

At the Conference, we share ideas, make new friends, renew old acquaintances, and receive the charge which keeps the Round Square engine running in our schools throughout the year until the next Conference. Last year, we sent 17 students out on exchange to France, England, Scotland, India, Australia, and

Germany. We also received 17 students here at BCS, their presence with us a living reminder of our membership and an enrichment of our international family. We raised money to support a child at the Starehe School in Nairobi, Kenya, which has just joined the Round Square this year. We regularly send students to join the Round Square International Service project in India. Exchanges, community service, fund raising, conservation work, outdoor

adventure - all these are ways in which the Round Square engine runs throughout the year. Then October rolls around again and it is Conference time - next year at Aiglon College in Switzerland. We would dearly like to take the whole school to the Conference but we are limited to four or five students and two or three Staff and Board members. But, with any luck, we can bring the Conference to the whole school. We have made application to hold the 1991 or 1992 Conference at BCS. We are keeping our fingers crossed. As at the ending of the Olympic Games, the 1989 Conference closed with the sentences "Farewell and thank you to Abbotsholme. See you in Aiglon", spoken by the student delegates in some fifteen different languages. We hope that before too long it will be "See you at Bishop's College School".

Where Did the Class of '89 Go?

by Ron Romanado

In 1989, 118 students graduated from Forms VI and VII. Their choices for further education are varied. Of the 82 students in Form VI, 25 decided to remain at BCS for Form VII.

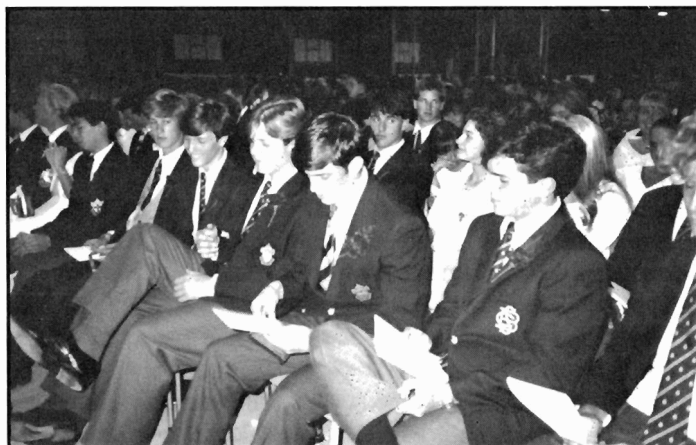

Most grads proceeded to a Quebec CEGEP. Dawson College in Westmount and Champlain College in Lennoxville were the most popular choices. One graduate is attending Champlain in St. Lambert and one is at Champlain in Quebec City. Vanier and John Abbott College each attracted 4 of our graduates. Marianopolis with 3 and Brebeuf with 1 rounds out the number of CEGEP-bound grads.

The Sciences and Commerce once again were popular options for graduates attending CEGEP. Eight graduates chose Pure and Applied Science courses while 4 chose Health Science. Seven of the graduating class are studying Commerce. One boy is studying Music. The rest are taking Social Sciences.

Eleven of our graduates chose to remain in high school for at least one more year. Four boys have gone on to Lower Canada College, 2 girls are attending Phillips Exeter, 3 grads are studying in France at the Lycee Canadien, and 2 graduates are attending public schools in Ontario.

Ten graduates decided to go directly to university. Four girls are attending Brescia College on the University of Western Ontario campus, 4 others are attending Carleton University and one is at the University of Ottawa. One graduate is attending Forsyth College/Northeastern University for Dental Hygiene. Two others will be taking Science programmes at the University of New Brunswick and Mount Allison University. One girl is attending an art school in Italy.

An overwhelming number of our Seventh Form are attending Ontario universities. Queen's University has proven to be the most popular university for BCS grads. Eleven of our 33 Seventh Form graduates are, or will be, attending Queen's. Another 5 were accepted at the University of Toronto. Four graduates will go to Trent. McMaster's Arts and Science programme attracted 2 of our graduates. Another grad will be joining them at McMaster in the Engineering programme. Other universities receiving our graduates include Carleton, Huron College, Guelph, Acadia, British Columbia, Calgary and the Co-op Engineering programme at Waterloo. Two students decided to pursue their studies in the United States. One received early admission at Dartmouth, while the other is attending Babson College in Massachusetts.

I am pleased to note that most of these universities were the first choice of the students. As well, scholarship offers were received from the University of Toronto, Queen's, Carleton and Ottawa. I look forward, as do the other teachers, to hearing of the success of last year's graduates. □

Gordon H. Moffat: 1908-1989

by JDC, JGP, & JBW

Soon after Gordon Moffat's arrival at BCS in 1936, he revived dramatics as an activity, and he was for many years the staff advisor to the Camera Club, which he inherited, along with Chapman House, in 1942, from Christopher C. Love. Mr. Moffat taught a variety of subjects, but his main interest was in mathematics, where he became the Department Head. Who can forget his unique usage of his academic gown tail as a replacement for the blackboard compasses? In the teaching of Latin, John Cowans ('54) remembers Gordon's sympathetic patience: "I did develop, if not a facility with the language, at least a life-long love of it, well aware of the benefits it provided in the study of English linguistics."

Mr. Moffat consistently furthered the learning of music in the School, through his organization and participation in the School Orchestra, in addition to his leadership in the Schubert Club, and Sherbrooke Symphony Orchestra, where he provided a full quota of blazered ushers, immaculate in their dress and demeanor. Gordon's violin virtuosity is especially remembered by those who were present to hear his beautiful accompaniment, with that of the late Mrs. Bertha Bell at the organ of St. Mark's Chapel, Bishop's University, in Handel's Messiah, sung by the BCS Choir on Saturday, April 24, 1943.

In 1962, following Mr. Moffat's twenty-six year career at BCS, he returned to St. Andrew's College, where he continued to teach mathematics until his retirement in 1973. He died on July 3rd, 1989.

John Cowans, Gordon's successor at Chapman House, summed up his mentor in these words: "A gentle man, who gave the School his best and influenced in small and unheroic ways so many with

whom he came in contact." Graham Patriquin added: "Steadfast, unpossessive and adaptable are only three of the many adjectives his colleagues can readily apply to Gordon's character. His unchanging compassion and outright seemliness have made him unique in my recollection of the best men who worked beside me." □

Mitch McGuigan: "Begin my fourth year as Headmaster at Rosseau Lake College. Son Christopher (ten), daughter Heather (seven). Please drop in for a visit if you're passing through Muskoka. We continue to be very fond of Bishop's and I frequently use its high standards as a benchmark. Please give my regards to friends."

Betty Evans: "The pages about Lew were great in the last Bulletin. I have had letters from Old Boys who hadn't heard (the news of Lew's death). I find it extraordinary - two from 1948. It's amazing after 41 years that they would take the time and trouble to write to me. Do you suppose there is any way Lew knows about it? . . . Tadoussac is absolutely beautiful. I have just been on a picnic - 31 of us including Lew and Alan and families, ranging in age from George Bruemmer's three month old son to Guy Smith, 81. BCS was well represented with us, George, Skutezkys, Smiths, Pam McCarter, Prices!" □

A Diamond for 'Quin

by DAGC & JBW

This fall marks the sixtieth anniversary (1929-1989) of Graham Patriquin's arrival at BCS to begin his extraordinary forty-three year career as teacher, coach, housemaster and senior master. Although Graham retired in 1972, he has maintained close contact with the School, its people and activities, providing invaluable advice and information concerning its history and alumni. He is still very much a part of BCS, and we are the better for it.

Greetings may be addressed to J.G. Patriquin, 5195 R.R. No.2, Lennoxville, Qc, J1M 2A3. □

News of the Classes: 1912-1938

'12 **George K. Parke** was the recipient of a BCS Old Boys' tie for Father's Day. His daughter Cecily Parke Sesler, who accompanied her father to the Cadet Inspection in May, wrote to Brad Mitchell to say how memorable the entire visit was for him and to order the tie.

'19 **Charles Pigot**: "The recent Cadet Inspection was truly a great show and the cadets must have spent hours training for it. They are certainly a vast improvement over the ones I was with many years ago. Then we wore khaki uniforms and used them when hunting for birds' eggs or doing other messy jobs, so needless to say we were a scruffy looking lot. I remember when a general came to inspect us, half the cadets turned left when ordered to turn right!"

'27 **Herbert L. Hall**: "Sold our home on Cavendish Ave., where we had been for past 27 years and moved into the Wellesley of Victoria, a delightful retirement home. Many interesting people with varied careers and backgrounds. The staff can't do enough for us. Many and varied activities 'keep us young in spirit'. Very happy to be here." Ed. Note: Mr. Hall attended BCS from 1916-1927 and is believed to have been the youngest boy ever to attend the School. In a letter to the Headmaster, he writes: "Mid-September of each year I think back to 1916 when I was enrolled in BCS Prep School, then down on Bishop's Univ's grounds. How well I remember the old quad - all covered in small sharp pointed pieces of gravel! The School site of today, of course, was then nothing but gradually rising

ground, covered in undergrowth and trees. I remember seeing the Lennoxville Q.C.R. station burning to the ground from our assembly room windows! And little did I realize when I left the 'old quad' that I would be back there again - enrolled as an undergraduate in the fall of 1928. How the years have gone! And what pleasant memories!"

'29 **Hope (Richardson) Cook**: "You get out the most elegant Bulletins. Congratulations. I read every word with much interest. Do you know anything about Barbara de Gumoens (early 40ies) of Darien, Connecticut? She's sort of a "by marriage" relative, i.e. nodding kin in the South. Wish I could send my gorgeous grandchildren to BCS. Ed. Note: Does anyone have news of Barbara?"

1930-1939

'30 **Richard Payan** writes from Oshawa: "An item in your "News of the Classes" triggered many fond memories" and he went out to describe how, in preparation for the military tattoo at the Montreal Forum, he prepared a "crib sheet" of all the commands, folded it into the palm of his left hand and held it under the butt of his rifle. "My plan worked perfectly. But full credit goes to **David Rankin** '33 as I had to prompt him only once or twice as I recall . . . Another memory. I built (a small log cabin in the wooded area up the hill) with the help of **Arthur Barry** (deceased) and **Bob MacKay**. With 'care' packages from home and some staples 'begged' from the kitchen we spent

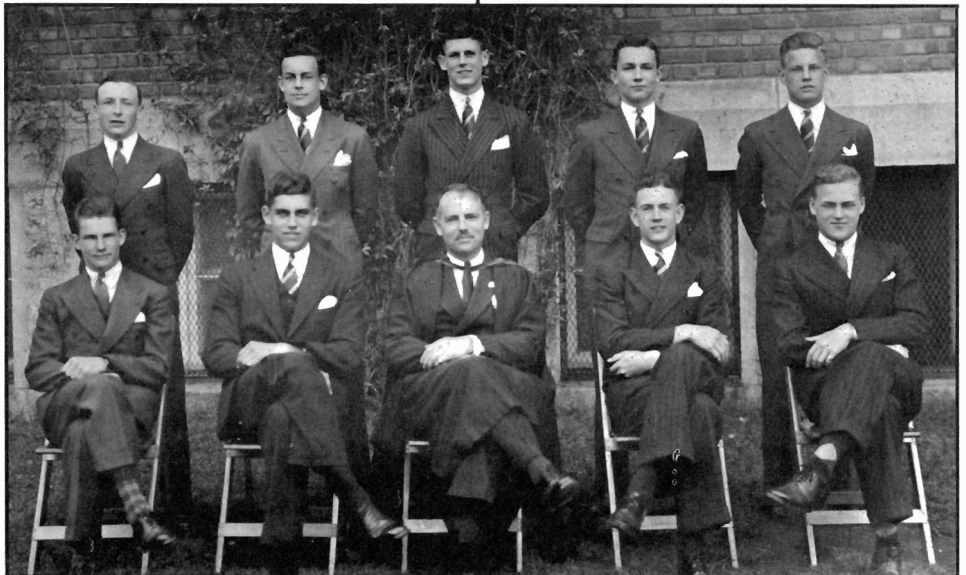

many happy Sunday afternoons and evenings in the smokey, cramped quarters of our 'home away from home'. . . Other memories will remain forever. The Masters - **Percy Smith**, the stern disciplinarian Headmaster - **Jimmy Young**, English and French - **Gordon Moffat**, Latin and religion - **Harry Hawkins**, geography, etc. 'Fagging'. "New boy" concerts. Smoking in the cemetery. Working off 'minutes' assigned for bad behaviour in pre-breakfast runs under **Sergeant-Major Fisher**. It would take a book to record them all."

'31 **Angeline Stevens** has been missing on our records but now she is found! She lives in Ottawa and attended last spring's reunion with **Alex (Newton) Millward** '29.

'38 **Mimi (Moncel) Graham** and her husband Ronald now have ten grandchildren. In August their daughter Margot had a boy and their son Ron also had a boy.

'38 **Ann (Nicholson) Underhill** is living in London, Ontario.

'38 **Jack Goodson** was the subject of an article in The Gazette this summer. Jack, who is owner of Hotel Printing Ltd., a family business which has been producing hotel and restaurant menus since 1914, has a collection of the old menus. One of them, a Ritz-Carlton Christmas dinner menu from 1914, notes that the entire meal cost \$1.25! By 1943 the same dinner was \$2.50. After leaving BCS, Jack studied printing at New York University and later went on to study commercial art and business administration. With a background like that, no wonder he's still in the business!

News of the Classes: 1940-1954

1940-1949

'40 **Meg (Aitken) Applebee and Rahno (Aitken) Taylor** '43 visited Gilly in North Hatley this summer with their husbands. Meg called the Development Office at BCS to say hello.

'41 **Joe Nixon**: "Our visit to the School for the Inspection by Prince Philip was a very special occasion which we will cherish for a long time to come. It was put on with the usual BCS attention to every detail and was a great credit to the School . . . I had a number of **Oggie Glass's** friends sign the back of my program with remarks and sent it off to him and Janet. Would it be possible to send me another one for my own safekeeping."

'41 **David Shelley Nicholl** has moved from Surrey and is now living in Redditch, Worcs., England.

'42 **Sheena (MacKintosh) Hilleary**: "I now run a busy holiday riding centre in the Highlands of Scotland. I have one daughter and two sons and four grandchildren. Having skied competitively for six years (including two Olympic Games!) I ski in the Alps every winter. Would be delighted to welcome any former classmates or friends coming this way."

'43 **Jocelyn (Pangman) Shaw** was commissioned by the School to paint a portrait of Shirley (Harrison) Stoker, upon her retirement as Chairman of the Board of BCS. The result, which had to be kept a surprise from Shirley, and therefore painted from photographs, is magnificent! Shirley was very pleased with it. The portrait hangs in Ross Hall at BCS.

'45 **Alice (Ross) Alrd**, writing about an annual visit to the studios of various craft exhibitors in the Collingwood area: "Our first stop was at **Gerry (Oakley) Ballint's** home-studio to see her pottery. Gerry '45 was my first KHC roommate. Her things are as nice as any I have ever seen. She had lovely pots, platters, casserole dishes, etc. in pretty colours and designs." Alice wrote Gilly that she had been in touch with **Jean (Dodds) Kazi** '45 and also with **Martha (Morgan) McKenna** '45 who had been travelling in Australia and New Zealand with her husband. The McKennas stayed with **Helen Reid** in Adelaide and visited the girls' school where Helen is now Principal. Alice has also been in touch with **Helen Hooper** and visited Pete's sister **Pam Alrd Arpin** in Costa Mesa. From San Diego she called **Joan (Price) Winsor**. "We had a wonderful and amusing conversation."

'47 **John Turpin** and his wife are now living in Craighall Park, Johannesburg, South Africa.

'49 **David Ashworth**: "I have become a franchisee. Late last year I bought the rights for North Central Toronto of a firm called Pak Mail. We provide mail services, packing and shipping, use of a Fax machine and a Photocopier. We attract both individuals and small businesses."

1950-1959

'50 **Robert Jekyll**, writing about last May's Cadet Inspection: "It was a splendid day at the old school and one that I will remember for many a day. Apart from the

heat, which inevitably took its toll on some of the cadets on parade, the whole thing could not have gone off better. I was thrilled to see the cadet marchpast on the CTV national news on Sunday evening after my return to Toronto."

'50 **Eric Hickey** has retired from the practice of dentistry. He will continue to live in the Montreal area and pursue his hobbies of building miniature aircraft and duck hunting.

'50 **John Chapman** campaigned for The Unity Party in his riding of Brome-Missisquoi during Quebec's election campaign this fall. He wrote the commentary column in *The Record* on August 8 in which he gave reasons for his support of the new political party.

'51 **Louis Hollander** has been elected as a Director of Hawker Siddeley Canada Inc., an engineering, manufacturing and service organization. He is President and Chief Executive Officer, Canada Colors and Chemicals Ltd.

'53 **David Vaughan**, who is an executive member of the Board of the Beaverbrook Art Gallery in Fredericton, attended the Gallery's 30th anniversary celebration last spring with his wife Linden.

'54 **Ann (McNally) Budge** won a bronze medal in the 20 km classical race at the World Masters Cross Country Ski Championships this past winter. She was also a member of Canada's gold medal relay team in the 50-54 age class. Ann was top Canadian in the 10 km freestyle, and in the 30 km classical races in her age class.

News of the Classes: 1955-1968

'65 **Jill (Stainforth) Benello**, who lives in Milan with her husband, has written and published *A survival Guide to Milan*. It is "much more than a tourist guide: everything you need to know to live in Milan for more than a day" (quote from back cover).

'66 **Stephanie (Hutchins) Caldicott**

moved from Ottawa to Victoria, B.C. in June.

'66 **Nicholas Miller** stopped by BCS in October for the first time in 10 years. He is presently married with two sons and is living in Franklin, Mass. He works for Bruel & Kjaer Instruments which produces sound and vibration equipment.

'66 **John Stewart** is now living in Calgary.

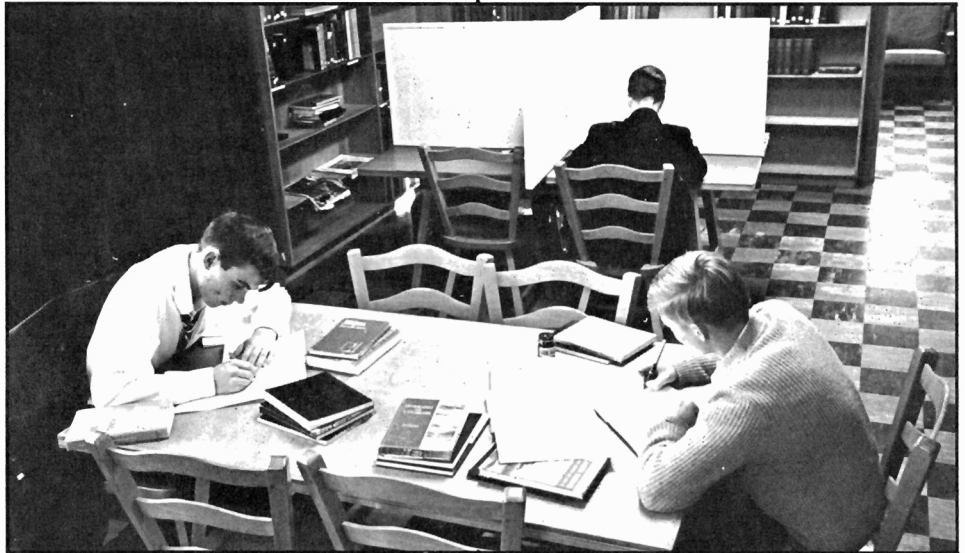

'66 **Louis Veillon** has started his own landscaping business. He and **Frank Simms** '63 are arranging the Alumni Ski Meet at Owl's Head in February.

'67 **Chris Davis**: "It was only a few months ago that I arrived (at the Canadian Embassy in Washington, D.C.), but I am being posted back to Canada as of May 15th where I will serve as Deputy Press Secretary to the Prime

address. Sarita is living in Barranquilla, Colombia.

'68 **Vicki (Buchanan) Thorburn**: "I was married on the 17th March to Andrew Thorburn, an old boy (ex head of house) at Loretto where I see from the magazine BCS is involved in an exchange programme. We are now living in Edinburgh. . . To our delight I am due to have a baby at Christmas. . . Please let me know if any of your exchange students or staff would like to touch base when they are coming - we're twenty minutes from Loretto."

'68 **Carleton Monk**, who was a foreign aid worker before he became a lawyer, organized North Hatley's Third World Rally in May. Such marches take place annually in the Townships but this was the first for North Hatley. Carleton participated in the walk with

Minister. . . My time in Washington seems to have been but a brief interlude . . . exciting and fulfilling . . . The two sets of elections, the U.S. Inauguration, the coming into being of the Free Trade Agreement, the changing of Ambassadors, moving into a new Embassy, two Presidential/Prime Ministerial meetings, the Canadian budget, all served to underline to me the immensely complex bilateral relationship in a swiftly changing world political-economic environment. . . I was struck by the openness and receptivity of Americans . . . And I became ever more impressed with my fellow Canadians, friends, colleagues and business acquaintances, who tirelessly pursued the Canadian identity."

'67 **Lucinda Morton** wrote from Toronto asking for **Sarita (Modiano) Rolter's**

his sons Carl, David and Collin and his daughter Heidi.

'68 **Margot (Griffin) Jones**: "Moving in July back to London, U.K. Still practising architecture with husband Edward Jones and have three children."

'68 **Jane (Aylward) Winchell**: "I live in Oakville, married to Rick, with three children: Sam (12), Brett (6), and Gray (5). I just completed my second year at McMaster, working on my Bachelor of Science degree in nursing. After a mid-life crisis, I chose to change from a career in radio to something I had always been interested in - health sciences - a real change! The program is really tough to get in to, and I was thrilled to be accepted. If all goes well, I will graduate in 1992 and go on to my Master's and teach. Life is very busy

News of the Classes: 1969-1979

and challenging right now, and I love it!"

'69 **Margot (Graham) Heyerhoff** and her husband Peter are the proud parents of William Sebastian born on August 24 in Toronto.

"Baby doing fine - another sweet, sweet little boy!"

'69 **David McNaughton** wrote from Inuvik, NWT, asking for **Ross Newman's** address.

He had read news of Ross in the June Bulletin and wanted to get in touch.

1970-1979

'70 **George Chow** visited BCS on August 16, accompanied by Graham Patriquin. Graham sold George a copy of his book *From Little Forks to Moulton Hill*. Ed. Note: Some copies of this book, a history of BCS, are still available and may be ordered by writing to the BCS Development Office.

'70 **Peter Thomson**, who lives in Georgetown, Grand Cayman, visited BCS this summer with his seven-year-old daughter Monique. He is President and Chief Executive Officer of Caribbean Utilities Co. Ltd., which produces and supplies the Cayman Islands with water and electricity. He hopes to make it back for his 20th reunion.

'70 **Cynthia (Parker) Taliaferro**: "Just finished building a new house so we're trying to get settled in. Had a baby, Lucy, in February. She joins brother Ross (six) and sister Page (three). A busy summer but still plenty of time for sailing and swimming!"
